FY 2023/24

The CITY OF DAYTONA BEACH

“THE WORLD’S MOST FAMOUS BEACH”

Office of the City Manager

September 20, 2023

Honorable Mayor and City Commissioners:

Re: Adopted Fiscal Year 2023/24 Budget

Honorable Mayor and City Commissioners:

Adopting a budget for a municipal corporation is one of the primary responsibilities of an elected city official. Arguably in a subsequent priority ranking of importance, comes fiscal sustainability. Therefore, in an effort to summarize our fiscal standing, this correspondence will serve as the official transmittal memorandum for Fiscal Year (FY) 2023/24 Adopted Budget. Overall, it is intended to be a summation of the financial condition of the organization and substantive policy initiatives we will embark upon this upcoming fiscal year. The \$ 343,276,836 budget is a responsible spending plan which will provide our citizens with exceptional service as in previous years.

Daytona Beach continues to experience tremendous growth. The economy continues to improve locally. However, due to the effects of COVID recovery, some major market indicators predict incremental growth or even stagnation in the near future. The long-range predictions for economic growth vary widely among the experts. Therefore, a conservative and pragmatic approach must be considered in order to ensure financial stability in the coming years in the event of a market correction and any further home rule threats.

The city experienced an increase in taxable value of 16.9%, taking its collective taxable value to \$ 8,500,859,275 from \$ 7,274,089,622 realized in FY 2022/23. We remain cautious of the arbitrary values this time around supported by the boom's high demand and low supply. Because of our prime location, the housing market in Daytona Beach is currently consistently breaking permit records in efforts that will prove to make substantial gains that pay dividends now and will continue to in the future. This has provided for Daytona Beach to construct its FY 2023/24 Adopted Budget on a millage rate (5.4300) which is the same millage rate adopted in FY 2022/23 (5.4300).

BUDGET HIGHLIGHTS

Millage Rate and Property Taxes: The FY 2023/24 Adopted Budget is balanced at a millage rate of 5.4300 mills. The millage rate is the rate levied in the previous year. Based on the taxable property values reported by the Property Appraiser July 1, one mill produces approximately \$ 8,075,816 of budgeted property taxes.

The total operating property taxes included in the budget is \$ 43,851,696, of which \$ 2,100,661 was generated by \$ 407,223,163 in new construction.

The property taxes in the budget are \$ 4,411,011 higher than would be generated by adopting the rollback millage rate as defined by Florida Statutes. This increase in tax revenues is approximately equal to the increased public safety personal service costs incorporated in the budget compared to the FY 2022/23 Adopted Budget, as calculated below.

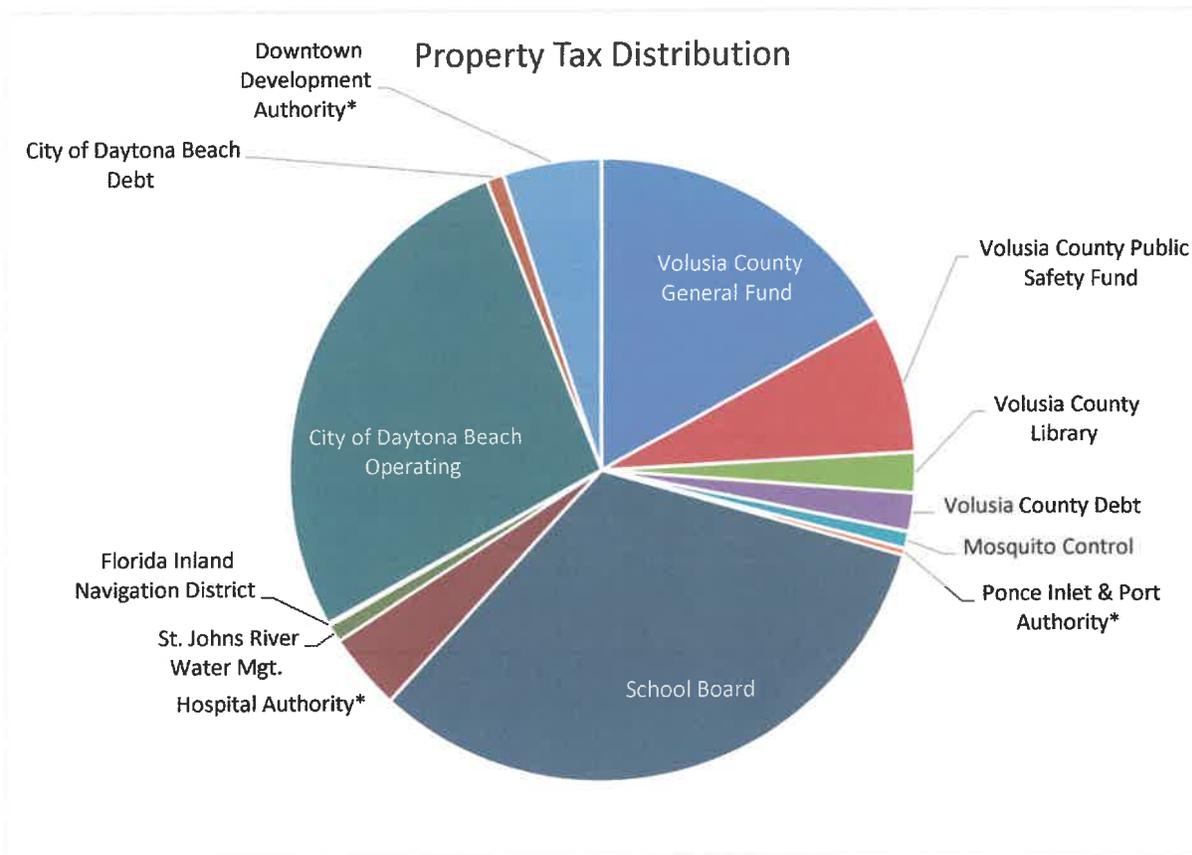

Fiscal Year	Public Safety Personal Service Costs (General Fund)
FY 2023/24 Adopted	\$ 56,301,025
FY 2022/23 Adopted	51,915,669
	\$ 4,385,356

Property Taxes and the Individual Taxpayer: The individual property owner is charged property taxes by a variety of sources, of which the city is only one. The county and the school board charge approximately the same millage rate as the city, while other entities such as the Halifax Hospital, the water district, and other entities charge less.

According to information from the Volusia County Property Appraiser, the just value of an average homesteaded property in the City of Daytona Beach is \$ 293,986, with a taxable value after exemptions of \$ 123,497 (\$ 147,850 for school tax purposes). This property value would generate the following property taxes for the City of Daytona Beach as well as estimated property taxes for the other entities charging property taxes to the property owners in Daytona Beach:

	Tentative Millage Rate	Taxable	Taxes	Percent
Volusia County General Fund	3.3958	123,344	\$ 418.85	16.9%
Volusia County Public Safety Fund	1.4541	123,344	179.35	7.2%
Volusia County Library	0.4209	123,344	51.92	2.1%
Volusia County Debt	0.4000	123,344	49.34	2.0%
Mosquito Control	0.1781	123,344	21.97	0.9%
Ponce Inlet & Port Authority*	0.0692	123,344	8.54	0.3%
School Board	5.4090	147,850	799.72	32.3%
Hospital Authority*	0.7878	126,751	99.85	4.0%
St. Johns River Water Mgt.	0.1793	126,751	22.73	0.9%
Florida Inland Navigation District	0.0288	126,751	3.65	0.1%
City of Daytona Beach Operating	5.4300	123,497	670.59	27.1%
City of Daytona Beach Debt	0.1749	123,497	21.60	0.9%
Downtown Development Authority*	1.0000	126,751	126.75	5.1%
			\$ 2,474.86	

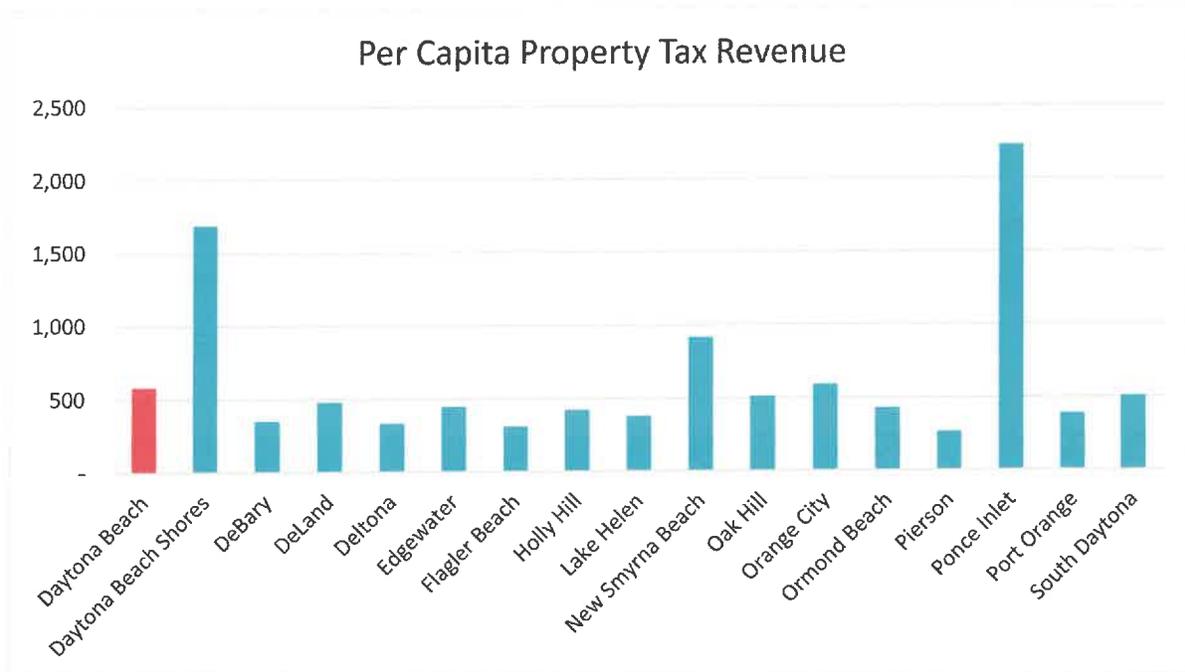

These calculations are based on the proposed millage rates as of mid-September 2023.

Notes: The Mosquito Control District does not assess property taxes for some portions of the City of Daytona Beach. In some portions of the City of Daytona Beach, the Hospital Authority property tax rate is 1.2620. The Downtown Development Authority only assesses property tax in the downtown area of the City of Daytona Beach.

While every situation varies, in most cases the owner of a homesteaded property would have their taxable property value increased by a maximum of 3%. Reversing this increase would result in a hypothetical taxable property value of \$ 119,900. Using the FY 2022/23 millage rates, this valuation would have generated \$ 651.06 to support the operations and \$ 24.44 towards the voter approved debt of the City of Daytona Beach. This hypothetical tax bill is \$ 16.70 less than the amount generated by the adopted millage rates for the City of Daytona Beach. This represents a 2.47% increase in the property taxes being charged by the City of Daytona Beach, which can be compared to the latest year over year increase in the Consumer Price Index of 3.2%.

Comparative Property Tax Revenues: When per capita property tax revenues for all the municipalities in Volusia County are compared, Daytona Beach's per capital property tax revenues are in line with the other municipalities, based on the information from the Property Appraiser and the Office of Economic and Demographic Research as of April 1, 2023, and the tentative millage rates as of mid-September 2023.

It should be noted Daytona Beach provides a variety of taxpayer subsidized facilities and programs that are not provided by other municipalities in the county, such as Municipal Stadium, Tennis Facility, Jackie Robinson Ball Park, Municipal Golf Course, and the Peabody Auditorium. Additionally, the city provides the majority of governmental support for major events such as Bike Week, Biketoberfest, the Daytona 500, and the Rolex 24, as well as the influx of tourists that flock to the world's most famous beach.

Grants: Grants are incorporated into the City's budget upon award by the granting agency. These grants leverage City revenues with grant funding from County, State, and Federal governments. The current budget includes approximately \$ 34,822,153 in grant funding, of which up to \$ 14,389,735 will be carried forward into FY 2023/24. These grants provide an array of services ranging from public safety to capital projects. Future grants will be incorporated into the budget as each grant is awarded and accepted throughout the year.

The City of Daytona Beach receives and administers the following funds from the state and federal governments, which have been incorporated into the adopted budget. These are in addition to \$ 6,227,418 included in the current budget, of which up to \$ 5,399,402 will be carried forward. (These amounts are included in the totals above.)

Source	Amount
Community Development Block Grant	\$ 559,533
Federal HOME Grants	407,358
SHIP Local Housing Assistance	889,693
	\$ 1,856,854

Finally, the City is the administrator of approximately \$ 14.9 million in federal COVID funds which may be used for a variety of purposes. Of this amount, approximately \$ 9.1 million will be carried forward into FY 2023/24.

In addition to the receipt of these grants, over half a million dollars of city funds are provided for various homeless services and over \$ 357,300 is included in the budget for a variety of community support activities.

Employee Benefits: The Adopted Budget contains funding for a 3% pay raise for most all regular full-time and part-time employees in October, and an additional 2% pay raise in April. Other employee benefits of note provided to the employees include Group Health Insurance through Florida Health Care Plans (three options), Life Insurance (one times annual salary), membership in the Florida Retirement System for non-public safety employees and membership into the Police Officers' and Firefighters' Retirement System for public safety employees, and an Employee Assistance Program (EAP). Additionally, the City offers tuition reimbursement assistance (up to \$ 1,000 per year), a free gym utilization agreement through the group health insurance plan, and a generous paid leave accrual program.

Employee Positions & Structure: The City added three new positions in the budget. Two of these positions will operate the newly acquired Street Sweepers for the Public Works Department. Utilities is adding an Office Specialist.

Additionally, there have been a few changes to the city structure. The Information Technology Systems has been broken out from the City Manager's Office. The Administrative Services Department has been reorganized into the Growth Management and Planning Department and the Redevelopment and Neighborhood Services. Leisure Services has been renamed Parks and Recreation. Cultural Services has been renamed the Arts and Entertainment Management Department. Public Works and Utilities have been merged into a single Department, Public Infrastructure and Capital Projects. Finally, Code Enforcement has a new name of Code Compliance. This year the potential for a realignment of operations will take place.

Enterprise Fund Transfers: The enterprise funds are budgeted to contribute the following amounts to the General Fund:

Fund	Payment in Lieu of Taxes	Transfer
Water & Sewer	\$ 7,075,156	\$ 2,500,000
Solid Waste	2,396,426	6,045,863
Stormwater	1,539,444	6,303,980
Pier	98,031	-
	\$ 11,109,057	\$ 14,849,843

Community Redevelopment Agency (CRA): The Community Redevelopment Agency supports redevelopment in five different areas of the city. The amounts each section receives is based upon property taxes collected by the city, county, Downtown Development Authority, and the Hospital Authority. The tax calculation is based on the increase in taxable property values from the establishment of the individual CRA section.

The funds received are used to promote economic development within the geographic confines of the individual CRAs. Expenditures for all redevelopment areas will increase for small business and residential grants to encourage additional investment during the current public health emergency. Highlights of expenditures in the Downtown Authority include the second phase of improvements to Beach Street from Bay Street to Fairview Avenue and Doctor Mary McLeod Bethune Boulevard from Ridgewood Avenue to Beach Street, and funding operations and maintenance of the new Riverfront Park Esplanade.

Expenditures for Main Street remains focused on strategic land acquisition and public parking opportunities.

CRA	City Funds	Other Sources
Downtown	\$ 985,512	\$ 1,140,684
Main Street	2,599,044	3,008,280
Ballough Road	119,736	138,588
Midtown	478,188	553,476
South Atlantic	196,704	227,676
	\$ 4,379,184	\$ 5,068,704

Note: The above table does not reflect minor revenue sources, or the payment made by the Downtown Development Authority to the Downtown DDA.

Double Counting: Fund accounting (which is required under generally accepted accounting principles for governmental entities in the United States) results in the double counting of certain revenues and expenditures. As an example, property taxes are recorded as revenue in the general fund. A portion of those taxes will be transferred to debt service funds in order to make that year's required debt payment. Those funds are also recorded as revenues in the debt service fund. Another example is the payment of certain expenditures by internal service funds, such as the Information Technology (IT) Fund. Payments are made by the IT Fund for computer equipment. Those payments are recorded within the IT fund as expenditures. However, the individual departments are charged for their allocated portion of those costs by the IT Fund. Those costs are also recorded as expenditures within the fund accounting for their costs.

A different source of double counting is the inclusion of revenues from prior years and expenditures reserved for future years within the annual budget.

The end result is the total budget of \$ 343,276,836 includes several such items. The actual revenues and expenditures attributable to FY 2023/24 are substantially lower, as identified below:

	Revenue	Expenditures
Total Budget	\$ 343,276,836	\$ 343,276,836
Less:		
Interfund Transfers	62,557,687	62,557,687
Internal Service Charges	20,224,320	20,224,320
Indirect Cost Allocation	1,373,827	1,373,827
	259,121,002	259,121,002
Carryforward from FY 2022/23	35,141,853	
Carryforward to FY 2024/25		26,268,668
	\$ 223,979,149	\$ 232,852,334

BUDGET CONDITIONS

Like most of the country, the City of Daytona Beach's economy has been negatively impacted by the novel coronavirus (COVID-19) pandemic. The budget reflects continued short term increases in property values. However, the long-term impact governmental responses to the COVID-19 pandemic will have on property values and state shared revenues, such as sales tax, will depend on the length of time it takes for the pandemic-induced economy to settle into a new equilibrium.

Additionally, while the GDP has grown for the last four quarters and the inflation rate has dropped considerably over the past twelve months, it is quite possible that a recession or a return to a higher inflation rate may begin within the next year.

As stated earlier, this budget is balanced with a millage rate of 5.4300 mills which is the current tax rate. The City's General Fund budget is approximately \$ 138,918,316 and the overall City budget is \$ 343,276,836. Increased valuations, as well as record new growth and annexations, mainly single-family residential construction, which is one of the most rapidly growing sectors of the economy, has provided for sustained budget conditions this year. Residential construction accounts for approximately 45.03% of the City's taxable value with commercial properties representing approximately 35.79% of the City's taxable value. New construction makes up 4.79% of the taxable value of property in the City. The inflation rate for the past year has dropped from the twenty year high we experienced in the previous year. We cannot predict whether inflation rates will return to normal, or if the rates will return to the levels previously experienced. I cannot stress enough the importance of not overextending in the event of a soft market correction; because with new growth comes additional problems and demands we are seeing in our roadways and utilities.

Personnel expenditures are generally one of the most important components of any annual budget, representing 46.53% of the total current City-Wide expenditures and 55.95% of General Fund expenditures. The cost to provide gainful employment at competitive wages is continuously increasing, and there comes a point where operational efficiencies can only render so many savings for the organization. If future tax growth does not continue at the same pace, additional challenges will be experienced by every government entity in the state of Florida. We must act appropriately in our investments and make sure we are managing the public funds judiciously, while it is also critically important, we continue to promote responsive public service. To that end, four years ago, the city began to address the level of employee compensation by implementing a minimum living wage for all full-time employees (\$ 31,200 annually). Last year we substantially increased the salaries of our public safety employees. We have been increasing salaries twice a year, with this year's increases lowered to a 3% raise in October, followed by 2% the following April. However, continuing to fund this program will require the City maintain its growth rate in taxable values. We aim to make the City of Daytona Beach the "employer of choice" and have made giant leaps towards it. Evidence of such is that the city was recognized in 2019 as one of the "Best Places To Work" in Volusia/Flagler Counties by the News Journal.

As we accelerate the vision, goals, objectives and ideas of the elected officials, citizens, business community, and staff, your continued support and leadership will cement our desire to not only be the employer of choice, but the City of Choice when individuals and families are deciding where to live, work, play, learn, and raise a family.

Respectfully submitted,

Deric C. Feacher
City Manager/ Chief Administrative Officer
